HEADTEACHER: JILL SWEENEY

20th April 2021

Dear Parent/Carer,

We have been made aware that we have a confirmed case of coronavirus (COVID-19) within sixth form.

We have followed the national guidance and have identified that your child has been in close contact with the affected person. In line with the national guidance we recommend that your child now stay at home and self-isolate until 29th April (10 days after contact). **Therefore your child must return to school Friday 30th April 2021.**

We are asking you to do this to reduce the further spread of COVID 19 to others in the community.

If your child is well at the end of the 10 days period of self-isolation, then they can return to usual activities.

Other members of your household can continue normal activities provided your child does not develop symptoms within the 10 day self-isolation period.

Please see the link to: Guidance for contacts of people with confirmed coronavirus (COVID-19) infection who do not live with the person

<https://www.gov.uk/government/publications/guidance-for-contacts-of-people-with-possible-or-confirmed-coronavirus-covid-19-infection-who-do-not-live-with-the-person>

What to do if your child develops symptoms of COVID 19

If your child develops symptoms of COVID-19, they should remain at home for at least 10 days from the date when their symptoms appeared. Anyone with symptoms will be eligible for testing and this can be arranged via <https://www.nhs.uk/ask-for-a-coronavirus-test> or by calling 119.

All other household members who remain well must stay at home and not leave the house for 10 days. This includes anyone in your 'Support Bubble'.

The 10-day period starts from the day when the first person in the house became ill.

Household members should not go to work, school or public areas and exercise should be taken within the home. If you require help with buying groceries, other shopping or picking up medication, or walking a dog, you should ask friends or family. Alternatively, you can order your shopping online and medication by phone or online.

Household members staying at home for 10 days will greatly reduce the overall amount of infection the household could pass on to others in the community

If you are able can, move any vulnerable individuals (such as the elderly and those with underlying health conditions) out of your home, to stay with friends or family for the duration of the home isolation period

Please see the link to the PHE 'Stay at Home' Guidance:

<https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance/stay-at-home-guidance-for-households-with-possible-coronavirus-covid-19-infection>

Symptoms of COVID 19

The most common symptoms of coronavirus (COVID-19) are recent onset of:

- new continuous cough and/or
- high temperature and/or
- a loss of, or change in, normal sense of taste or smell (anosmia)

For most people, coronavirus (COVID-19) will be a mild illness.

If your child does develop symptoms, you can seek advice from NHS 111 at

<https://www.nhs.uk/conditions/coronavirus-covid-19/check-if-you-have-coronavirus-symptoms/> or by phoning 111.

How to stop COVID-19 spreading

There are things you can do to help reduce the risk of you and anyone you live with getting ill with COVID-19

Do

- wash your hands with soap and water often – do this for at least 20 seconds
- use hand sanitiser gel if soap and water are not available
- wash your hands as soon as you get home
- cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- put used tissues in the bin immediately and wash your hands afterwards

Further Information

Further information is available at

I would like to reassure you that all of our procedures have been followed with regard to limiting the transmission across the school and I will keep you updated with any further information.

Students who are self-isolating will be able to continue to learn online and will be able to use Teams to access learning remotely when lessons would be on. Those that have assessments have been notified and alternative arrangements made where applicable.

New guidance from the government has requested that schools provide food parcels for those pupils isolating and are eligible for free school meals. If you would like a food parcel you can contact the school office to arrange for a family friend, volunteer or family member to collect on your behalf. Food parcels must be distributed in line with guidance and social distancing at all times. [Guidance on free school meals](#). We aim to have the food parcel available within 48hrs of your phone call.

Please check the school website for any updates, you will receive a text notifying you of any further information.

Please do not hesitate to contact school if you have any questions.

Yours sincerely,

J Sweeney
Headteacher
